

CNMS Candidates and Statements for Ballot 4/28/2022

Number of Candidates: 1

Bonnie Kegan

Years of Service at UMBC: 22

Department: Mathematics and Statistics

What Strengths Do You Bring To The AFAC?

As a statistician I am able to identify ways to collect and compile information needed to support AFAC initiatives. I am also a good mediator when conflicts arise. I am also able to listen and empathize with others even if it is a situation I have not experienced.

What Issues Do You Think The AFAC Should Be Addressing During the 2022-2023 Academic Year?

I would like to continue to address pay issues for adjuncts (COLAS, standardized rates, etc) and to find ways to increase the adjunct voice/visibility within academic departments. I would also like to see more faculty development opportunities for adjuncts.
