

# Transition to Kuali-Coeus (KC)

*Presentation to  
Business Managers Group  
November 30, 2015*

## Transition to Kuali-Coeus Software

- After extensive consideration, a growing number of USM institutions are committing to the transition to a **cloud-based Kuali-Coeus** system – UMB, UMCP, UMCES, UB, UMUC, UMES, Towson University and Salisbury University.
- This USM alignment presents a **unique opportunity for UMBC** to benefit from a system-wide initiative by committing to buy into the initial implementation and annual license and thus becoming part of a USM-wide network. KualiCo <https://www.kuali.co/>
- Advantages to our campus include **sharing of resources** (for implementation and operation), **cost savings** to implement and run the KualiCo system, and **enhanced support of multi-disciplinary and multi-campus integration of research**.
