

UMBC
Department of Biological Sciences
Ph.D. Dissertation Seminar

Sharlene Brown

Ph.D. Candidate
Biological Sciences Program

*"Role of Rgma/Neogenin
signaling in neural tube
morphogenesis and signal
transduction events triggered
downstream of ligand-receptor
interaction in the zebrafish
embryo."*

Monday, June 3, 2019

Biological Sciences 004

1:00-2:00p.m.

Mentor: Rachel Brewster, Ph.D.
