

INSTITUTE OF MARINE AND ENVIRONMENTAL TECHNOLOGY

UNDERGRADUATE SUMMER INTERNSHIP

IMET and UMCES are committed to creating opportunities for a diverse body of undergraduates to enable and encourage students from underrepresented backgrounds to continue on to higher degrees in marine and environmental science.

To promote this we are offering **paid** summer undergraduate internships that include a nine-week research project in **MARINE** sciences.

- When: June 6 - Aug 5
 - 40 hrs per week
- Internship Eligibility
 - US citizen or permanent resident
 - Undergraduate student in field related to biological sciences
 - GPA of 3.0 or above

- In person lab experience
 - COVID-19 restriction dependent
- Application Due: **3/14/21**
