CAHSS Women's Faculty Network

## Guidance Regarding Meeting with Candidates for Faculty Positions

CAHSS Women's Faculty Network (WFN) representatives are available to meet with candidates being considered for faculty positions in the College of Arts, Humanities and Social Sciences at UMBC. WFN representatives will discuss topics related to the professional development and advancement of women faculty. WFN representatives will explain to candidates that WFN does not make recommendations to the hiring department or any other university administrator. Communication between the candidates and members of the WFN will remain confidential.

The WFN provides support, mentorship, and community. It is open to all CAHSS faculty who identify as women.
