

The National Institutes of Health (NIH) Office of Research on Women's Health (ORWH) presents:

## Gender and Health: Impacts of Structural Sexism, Gender Norms, Relational Power Dynamics, and Gender Inequities

October 26, 2022, 11:00 a.m.–4:30 p.m. EDT  
*Virtual only*

Register: <https://genderandhealth.vfairs.com>

### Featured Plenary Speakers:

#### **Nancy Krieger, Ph.D.**

*Professor of Social Epidemiology and American Cancer Society Clinical Research Professor, Department of Social and Behavioral Sciences, Harvard T.H. Chan School of Public Health (HSPH); Director, HSPH Interdisciplinary Concentration on Women, Gender, and Health*

Dr. Krieger is an internationally recognized social epidemiologist with a background in biochemistry, philosophy of science, and the history of public health, combined with over 35 years of activism linking issues involving social justice, science, and health.

#### **Patricia Homan, Ph.D., M.A.**

*Assistant Professor of Sociology and Associate Director of the Public Health Program, Florida State University (FSU)*

Dr. Homan is an associate of FSU's Pepper Institute on Aging and Public Policy and FSU's Center for Demography and Population Health. Her research focuses on developing theory and measurement for structural sexism, structural racism, and other forms of structural injustice and examining how these forces shape health.

#### **Typhanye Vielka Dyer, Ph.D., M.P.H.**

*Associate Professor, Department of Epidemiology and Biostatistics, University of Maryland School of Public Health*

Dr. Dyer is an epidemiologist and health disparities scholar with over 20 years of experience researching the influence of social psychological, behavioral, and structural factors on human immunodeficiency virus (HIV) and HIV-related outcomes in sexual minority men and women and on sexually transmitted infections (STI) in Black populations.

In partnership with NICHD, NIA, NIAID, NCI, NHLBI, NIDDK, NINDS, NIMH, NIDA, and OBSSR.
