

Commercial Leadership & Insights Program (CLIP)

Amgen Grad Internship – Summer 2024

We're Hiring!
Come Live, Win, and Thrive with us!

During this **12-week Grad Internship**, you will be able to put into practice your transferable skills of analytical thinking, deductive reasoning, and deep knowledge of science, and take advantage of this **rare and unique opportunity to immerse yourself at the intersection of science and business** within our Commercial Data & Analytics (CD&A) department with a summer project in one of these four functions: Competitive Intelligence, Forecasting, Market Research, or Data Analytics.

Join us for this amazing opportunity to **serve patients, have an impact, and work with talented colleagues.**

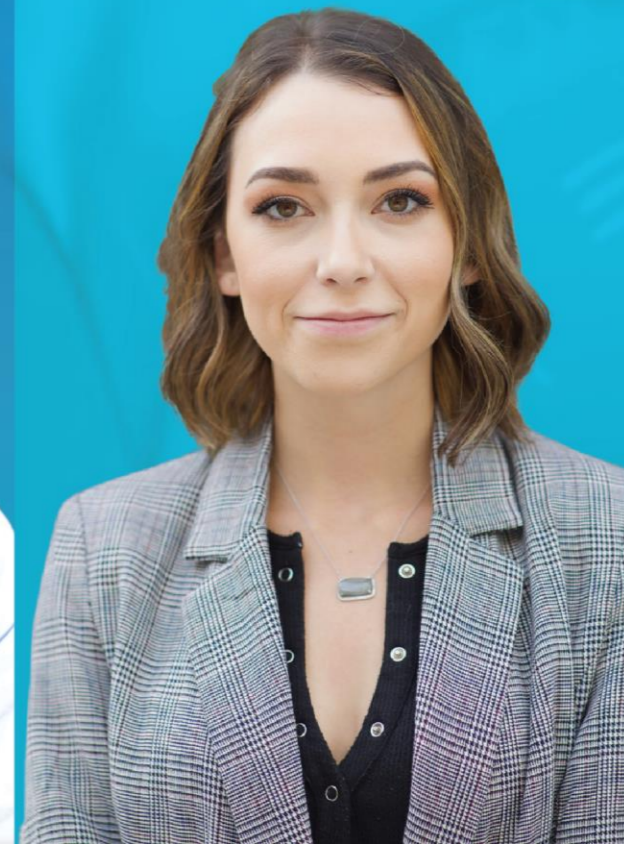

**UNIVERSITY OF MARYLAND
BALTIMORE COUNTY**

Wednesday Oct. 18th, 5:00 – 6:00 PM

The Commons, Room 331

REAL TALK / CLIP Interns Summer '23

*This is definitely a great experience to learn different functions of commercial organization and **get career started in the biopharma industry***

– Dawei, Harvard, PhD Student

*This is a internship that will be an eye-opener for you. It is truly an internship experience that will allow you to **solve real-world business challenges**, and not just fetching coffee and doing some side work. You get lots of resources that help you to become a better self.*

– Tina, Yale, MPH Student

*The **opportunity to network with Amgen employees** from various functions was a benefit that I appreciated greatly. The exposure to all the CD&A pillars was also a specific benefit that any other traditional internship would not provide.*

– Gilberto, USC, PharmD Student

***Network, attend Amgen events, apply early and prepare well** for your interview! The people you would be interviewing with are incredibly smart.*

– Gabriel, U Mass Amherst, MBA/MS Student
