

ESTEEM

Class of 2018

Student Profile

Emily Russo

“*ESTEEM offers many amazing opportunities. [The] advisors genuinely believe every single one of us can make a difference, using our scientific background and applying it with new tools in an entrepreneurial environment.*”

School

University of Maryland Baltimore County

Major

Biology

Work or Intern Experience

Howard Hughes Medical Institute, Undergraduate Researcher

Capstone Thesis Project

“My thesis project with Horizon Pharma involves assessing the commercial potential for a new treatment of the orphan (rare) disease, the tumor lysis syndrome.”

“*My goal is to work in the biotech realm of entrepreneurship. I specifically want to help develop technology that ultimately will improve the lives of people with cancer and other potentially terminal diseases.*”
