

UMBC Fall 2023 Career & Internship Fair

September 20

11:30 a.m. - 3:30 p.m.

RAC

Thank You to our Career Fair Sponsors

Retrievers Connect is a networking platform for the UMBC community.

Designed specifically to support and facilitate connections between UMBC students and alumni, this collaboration between UMBC's Alumni Engagement and Career Center teams launched in early 2021. All members of the UMBC community can use Retrievers Connect, including alumni, faculty, staff, students, as well as invited UMBC friends & partners.

Interested in getting involved? Members of Retrievers Connect can reach out to each other for career advice or to (re)connect around a shared interest in a couple of ways. Alumni can reach out to each other, and students have the opportunity to reach out to alumni either one on one, on the general discussion board, or in affinity and industry groups.

Join today to offer or receive career advice from connections, post a job or internship experience, expand your professional network, or connect with other alumni by region or industry.

To sign up or for more information, visit retrieversconnect.umbc.edu or email retrieversconnect@umbc.edu.

October 8 – 14, 2023

Homecoming at UMBC is a time to show your Retriever pride! It's a time for alumni, faculty, staff, current students, families, and friends to come together and have a PAWsitively BARKING good time. Homecoming 2023 will kickoff with the Student Bonfire on Sunday, October 8, 2023 and will close with the Homecoming Carnival on Saturday, October 14, 2023, with a wide variety of events for students, faculty, staff, alumni, and friends throughout the week.

To stay updated on all of the UMBC Homecoming festivities check out <https://homecoming.umbc.edu>

NAVIGATING THE CAREER FAIR

Do your research. Learn who is participating in the career fair and create a list of organizations that interest you. Then research their products/services and employment needs.

Be prepared. You should have several copies of your resume handy and have easy access to them. Having an attractive pen and portfolio isn't a bad idea either.

Dress to impress. Show employers you are serious; dress professionally.

Use your 30-second commercial. Take initiative and start the conversations with employers you want to learn more about. See the section below on how to craft your 30-second commercial.

Network. Don't limit your interactions to just recruiters. Talk to fellow job-seekers at the event about different employers, possible job openings and more.

Follow-up. Make sure to follow-up with anyone you talked to at the fair through email within 24 hours. Asking for business cards makes this a lot easier. After the fair, you should also consider connecting with recruiters through LinkedIn.

CRAFTING YOUR 30-SECOND COMMERCIAL

When meeting new individuals in a professional setting, like networking events and career fairs, it is important to make a strong first impression. Through your 30-second commercial you will be able to quickly and effectively market yourself to others.

YOUR 30-SECOND COMMERCIAL SHOULD:

- Identify who you are
- Highlight a few strengths and accomplishments
- Show how you can bring added value to an organization
- Be concise

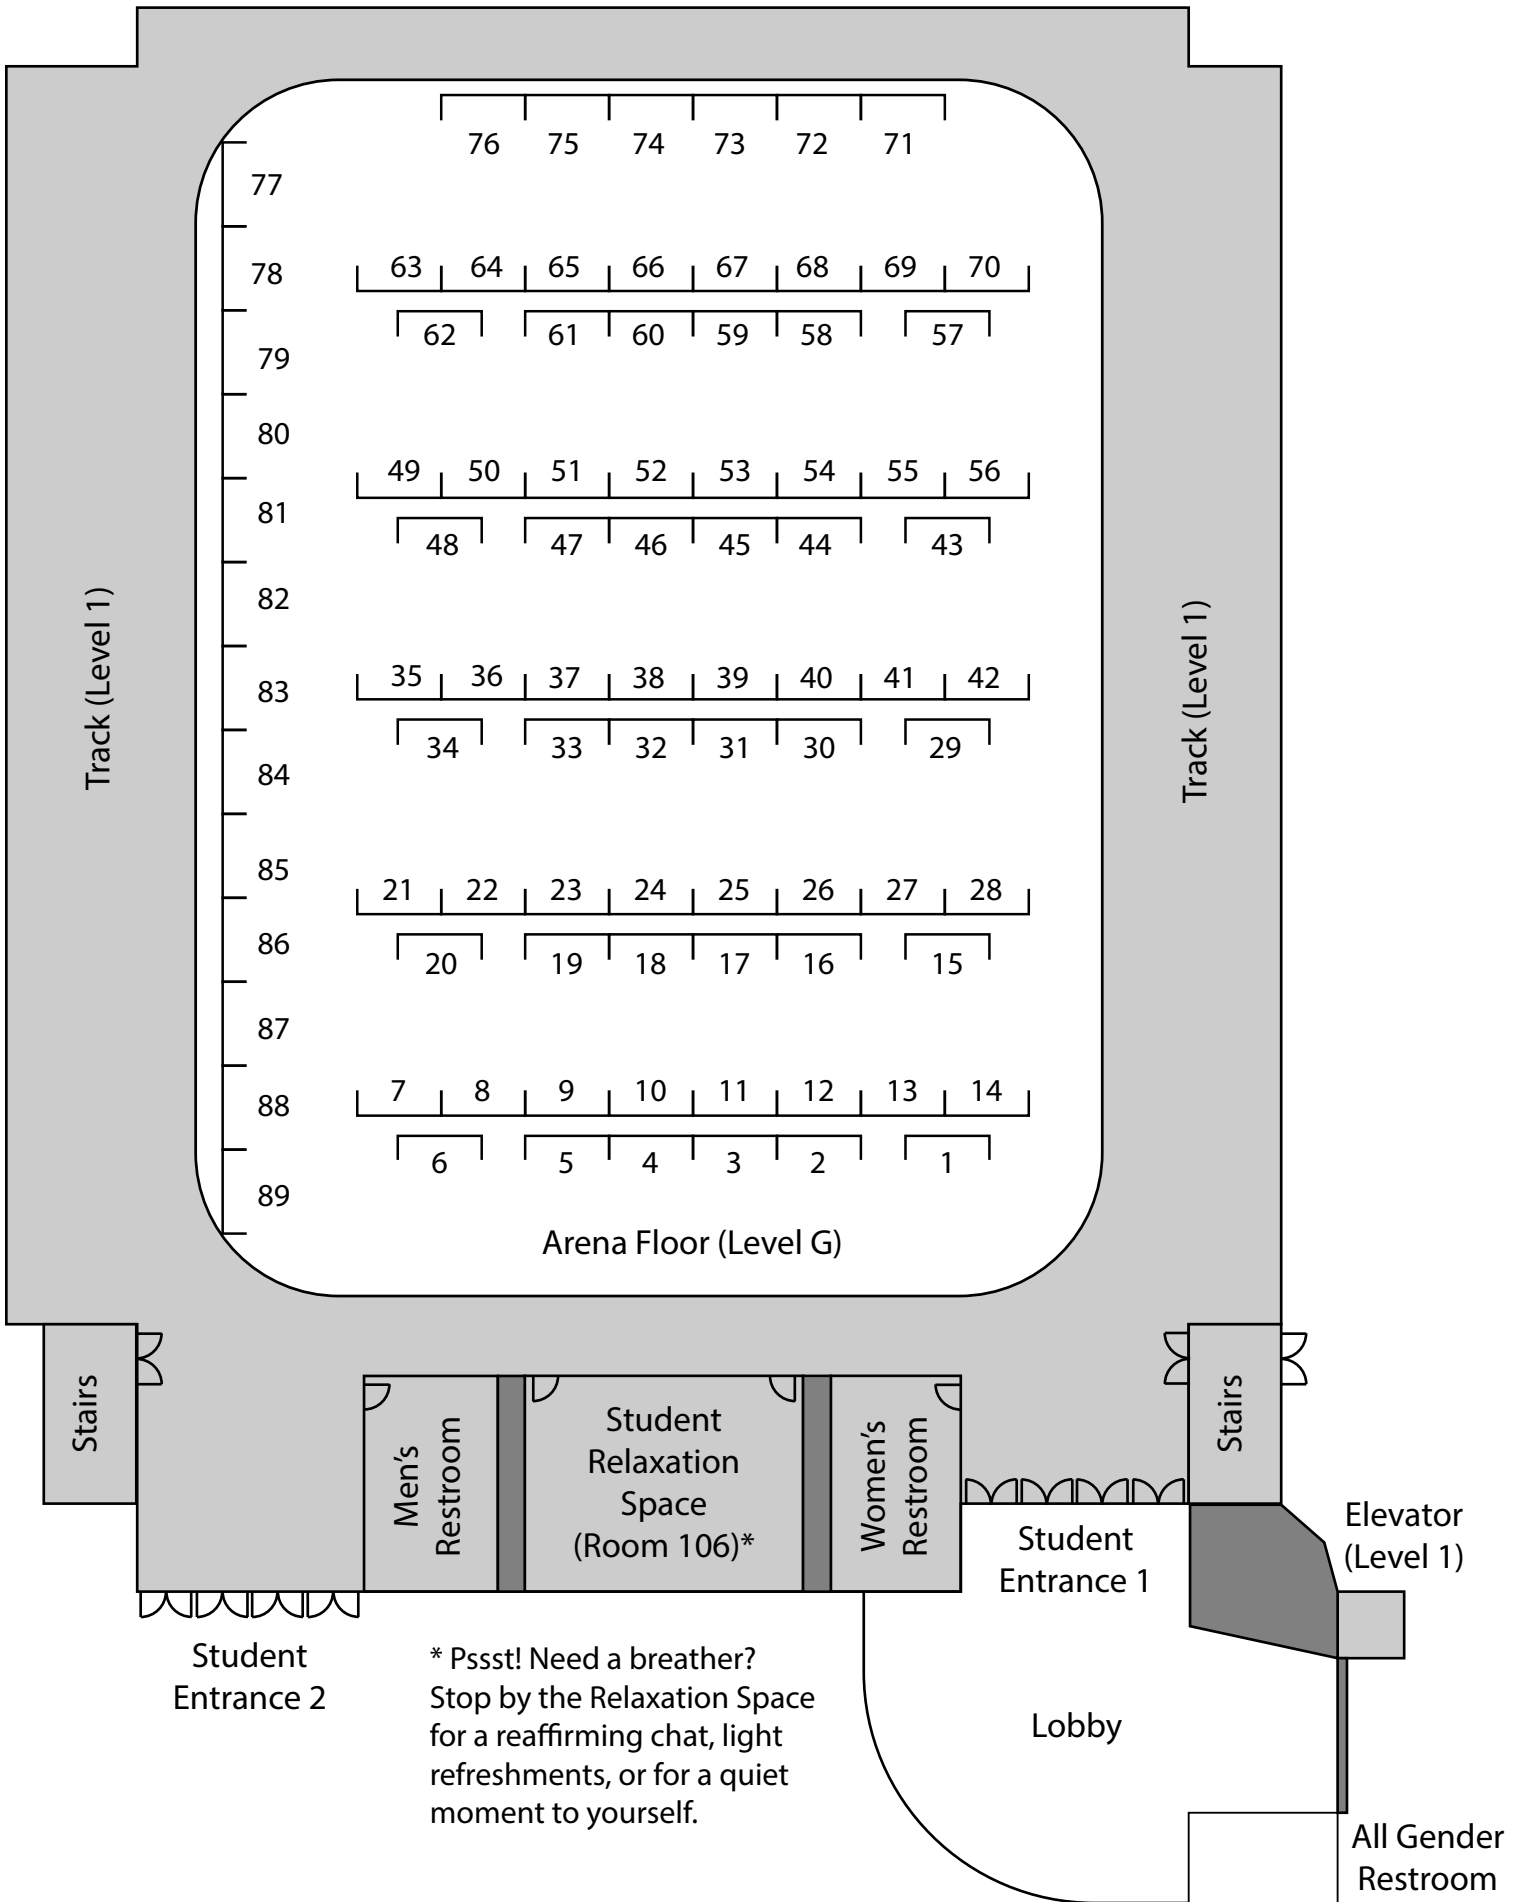

As you can see in the sample below, the student highlights his name, major/industry, strengths, and specific interest in the company. Remember, the 30-second commercial can also be useful when writing resumes/cover letters, writing emails to employers, or when leaving voicemails. Also, don't forget to PRACTICE. Practicing will help you deliver your 30-second commercial seamlessly with confidence. However, you don't want to sound like a robot!

Hello, my name is Sofia Suarez, and I am a UMBC student studying Financial Economics with an accounting certificate. I am in my junior year, and I am very interested in an accounting internship with your organization. Currently, I am serving as the treasurer for the UMBC accounting club where I have been effective in managing our budget for events, activities and out-reach programs. I believe my enthusiasm for helping others increase their financial literacy mirrors your organization's dedication to helping others navigate their tough financial situations.

STEER YOUR CAREER WITH A COMPANY THAT CARES

The CleanPack® Chemist position is an entry-level gateway role within Clean Harbors with a pathway to management positions. Chemists bring their own understanding of STEM curriculum to this role. Couple this with our focused training on job performance related to Science, Business, Regulatory and Sustainability; provide the foundation for the rest of your EHS based career. The CleanPack Chemist position is an unique position where your future can be developed with this hands-on position. You will work with technology driven processes as a CleanPack Chemist to perform your job duties.

The Company serves a diverse customer base, including a majority of Fortune 500 companies, thousands of smaller private entities and numerous federal, state, provincial and local governmental agencies. We also work with nearly 1,300 schools and universities.

CLEAN HARBORS KEY BENEFITS

Clean Harbors delivers a Total Compensation package that includes:

- Market-competitive pay
- Pay increases as you gain skills through our industry-leading Competency-Base Progression and Pay Program
- Comprehensive health, dental, and retirement programs for you and your family
- Recognition and incentives for your contributions to the team
- Employee discounts and purchase programs through our vendor partners
- Tuition reimbursement and employee referral bonuses
- 401 (K) with company contribution

JOIN CLEAN HARBORS, AND SEE HOW FAR YOUR CAREER WILL TAKE YOU

As part of Clean Harbors, the largest environmental services company in North America, you will never be challenged by lack of opportunity. Clean Harbors is the leading provider of environmental and industrial services throughout the United States, Canada, Mexico and Puerto Rico.

The CleanPack Chemist position is a common launching board for EHS positions for many current and former CHES team members. CHES enjoys seeing numerous friendly, former CHES team members in Environmental Health and Safety careers throughout the industries – Universities, Pharmaceutical, Biotech, Health Care, Manufacturing, Chemical Companies and Government.

Make a Difference in Children's Lives Today

Join Kennedy Krieger Institute's Neurobehavioral Team as a Clinical Assistant

Help children with intellectual and developmental disabilities and severe behavioral challenges while working in a supportive team environment with great benefits!

We're seeking talented, ambitious and compassionate people to join our team. You'll have quick opportunities for advancement, receive professional training and have great benefits. Flexible full-time and part-time work schedules are available days, nights and weekends.

Responsibilities:

- Provide hands-on care to children, teens and young adults diagnosed with autism spectrum disorder and/or intellectual disabilities who also have severe and challenging behaviors
- Assist with activities of daily living (e.g., toileting, feeding and bathing)
- Learn about and help collect data for assessment and treatment purposes

Benefits:

- Full- and part-time opportunities for both degreed (BA/S) and non-degreed (high school diploma, GED, AA) candidates
- Flexible work schedules that can accommodate student classes
- Competitive entry-level starting pay (\$17–18/hour), with a \$2/hour raise upon completion of RBT coursework
- Opportunities for professional career advancement
- Tuition reimbursement
- Medical and dental insurance
- 401(k) retirement plan with employer contributions available
- Paid leave
- Discounted MTA passes and Live Near Your Work benefits
- Free parking

We are Building a Better Environment!

Ulliman Schutte Construction specializes in the construction of environmental infrastructure projects like water and wastewater treatment plants, pump stations, and pipelines!

-  Project Engineering Co-ops
-  Field Engineering Co-ops
-  Preconstruction Engineering Co-ops

We are Building a Better Environment on active construction project sites in Baltimore, Washington D.C., greater Maryland and Virginia, and more! We frequently self-perform our own excavations and trenching, shoring systems, pipe-laying, concrete formwork and placement, interior mechanical piping, water treatment plant equipment installations, millwright work, cranes and rigging, carpentry, survey/layout and more. **There is no better place to learn construction and engineering than in a fast-paced and challenging work environment like ours! Come learn with US, grow with US, and make a difference with US!**

Why work with US? Our teams serve local communities by constructing the projects that millions of people depend on for clean water now and for decades to come. Our engineers take on significant responsibility – no coffee runs or copy machines here. **The majority our full-time engineers and managers initially started with US through our internship/co-op program, so we know what it's like to be in your boots – and are committed to your success!**

We offer industry-leading compensation, provide furnished housing for all co-op/intern students at every jobsite location, reimburse all travel expenses, and more!

Email your resume to YourCareer@ullimanschutte.com to apply today!
