## CRAFTING YOUR 30-SECOND COMMERCIAL

When meeting new individuals in a professional setting, like networking events and career fairs, it is important to make a strong first impression. Through your 30-second commercial you will be able to quickly and effectively market yourself to others.

### YOUR 30-SECOND COMMERCIAL SHOULD:

- Identify who you are
- Share your major/industry as it relates to the employer/jobs they are recruiting for
- Highlight a few strengths and accomplishments
- Share your specific interest in the organization and how you can bring added value to them
- Be concise

Remember, the 30-second commercial can also be useful when writing resumes/cover letters, writing emails to employers, or when leaving voicemails. Also, don't forget to PRACTICE. Practicing will help you deliver your 30-second commercial seamlessly with confidence. However, you don't want to sound like a robot!
