

ANNUAL UNDERGRADUATE RESEARCH SYMPOSIUM IN THE CHEMICAL AND BIOLOGICAL SCIENCES AT UMBC

1000 Hilltop Road, Baltimore, MD 21250

Saturday, October 20, 2018

The Symposium invites mentor-approved contributions from undergraduates investigating any aspect of chemistry, biology and biochemistry. Students present their research during poster sessions at the daylong event. Typically, more than 200 students present and more than 400 beginning scientists, faculty mentors, and other guests attend. There are two poster sessions. Qualified attendees register in advance to judge the presenters. Judges rank first and second place posters in each category. A non-financial awards ceremony is held at the event's end. Registration is free and required. Complimentary light refreshments and lunch are available during the event.

***Registration Opens:
Aug. 1, 2018***

***Abstract Submission Deadline:
Midnight EDT, Sept. 20, 2018***

cnmssymposium.umbc.edu

CALL FOR JUDGES: Judges are critical to the success of the event. Eligible attendees are encouraged to volunteer when registering their attendance. Please register by Sunday, September 30.

Online Registration is FREE & required

Visit cnmssymposium.umbc.edu to view the schedule with room location, to download a sample abstract, to register, and to submit abstracts.

Abstract Review & Approval

Mentors must review their student's abstract prior to submission. After the student registers to present their research then their mentor must complete an online final approval form. *All students should expect to present their posters.*

All applicants should expect to present their posters.

Attendees may find poster numbers and session assignments on the website by October 15, 2018.

Poster dimensions are limited to 36" wide and 42" long (portrait layout).
