If you are a graduate or undergraduate student with a passion for art and a great idea for an art initiative for BCPSS K-8 students, come to our mixer and find out how to get your project funded! We will talk about:

1. Arts-related needs you have seen in the Baltimore City community, and your respective talents and aspirations.
2. Learn about opportunities to address and fund those needs through the UMBC Charlesmead Initiative for Arts Education!

All UMBC graduate and undergraduate students invited to attend mixer and apply for our April 15th round of funding.
