Wednesday,  
November 16

Free Food and T-shirts  
at **ALL EVENTS**

Scan QR code to access  
programs virtually

UC 312

10 - 11 a.m.

## Blending Passions with Pathways

*Keynote & Alumni Panel Presentation*

Join our keynote speaker, entrepreneur Markus Proctor, and a panel of other alumni, as they share how they blended their unique passions/interests with their academic pathways, leading them to the careers they hold today.

Come away with an understanding that not all major choices lead to a direct career path -sometimes your major choice will lead you on a journey you never expected.

UC Ballroom

11:30 a.m. - 1 p.m.

## Mix n' Mingle at the Majors Fair

Join us for an in-person opportunity to explore and learn more about the vast and diverse majors UMBC has to offer. Connect 1:1 with faculty and staff from all academic departments!

Already decided on a major? Connect with your department and discuss opportunities like internships, research or study abroad.

You don't want to miss our most popular program!

UC 310

1 - 2 p.m.

## Good Vibes - Campus Support to Enhance your Major

It's not just academic advisors and department representatives who can support you in your academic journey!

Join us for a panel session to learn about six campus offices/programs that can support students in major exploration and/or adding more to their academic experience beyond the required coursework.

UC 312

2:30 - 3:30 p.m.

## Tie it all Together *Academic Planning Workshop*

Academic planning does not have to be a daunting task. It really comes down to knowing your interests and goals and what tools to use to help you map out your time at UMBC.

Whether you have selected your major or not, every student can benefit from planning beyond just the next semester!

Join us for this interactive workshop lead by OAPA's Deanna Cerquetti on the benefits of long-term academic planning and how to get started.

**!** The Majors Fair is **ONLY** in-person.  
**ALL OTHER EVENTS** have virtual options.
