

JOIN THE RESEARCH TEAM AT

Prepare to be an innovative leader in the global energy economy by developing your skills as a researcher in our summer program where you will explore how a wide range of energy sources serve the needs of people, communities, and our changing world. Then spend time mentoring kids in the NSBE SEEK program.

RESEARCH EXPERIENCE AND MENTORING (REM) PROGRAM

10
WEEKS

6 → **CISTAR**
NSF Engineering Research Center
Center for Innovative and Strategic Transformation of Alkane Resources

Spend six weeks at CISTAR working on a cutting-edge research at Purdue University

4 → **SEEK**
NATIONAL SOCIETY OF BLACK ENGINEERS
SUMMER ENGINEERING EXPERIENCE FOR KIDS

Next, spend four weeks being a mentor to kids at a NSBE SEEK

PAID SUMMER PROGRAM

HOUSING & TRAVEL COVERED

<https://youtu.be/3Blbu1Y1yHA>

The NSF Research Experience and Mentoring Program is a unique combined summer opportunity with CISTAR and the National Society of Black Engineers Summer Engineering Experience for Kids (NSBE SEEK).

Participate in a 6-week immersive summer research experience, guided by faculty and graduate student mentors. The program includes frequent interactions with corporate partners in the energy sector. Additionally, participants will be paid to present at the Emerging Researchers National (ERN) Conference in STEM, Washington, D.C. in February 2024.

2023 PROGRAM DETAILS

DATES: Program takes place May 22 – June 30, 2023

STIPEND: A total stipend of \$5,000 for 6 weeks at CISTAR (\$4,000 for completing the 6 weeks and \$1,000 after submitting program deliverables).

ELIGIBILITY: Undergraduate student majoring in engineering or science, U.S. citizen or permanent resident. Must be currently enrolled in a college or university, and attending in the fall

APPLY NOW!

Accepting applications until all spots are filled. Application instructions on back.

APPLICATION INSTRUCTIONS:

Applicants need to **apply to both** CISTAR and NSBE SEEK to be considered for the REM program:

1. Complete the CISTAR application form

- Visit bit.ly/2023REMapp

2. Submit your letter of interest & resume. Please include the following:

- Why you are interested in research with CISTAR.
- Why you are interested in NSBE SEEK
- Tell us how this experience will help you reach your future goals.

3. Send official or unofficial University transcript

- Upload a PDF of your transcript to the application system.

4. Complete the NSBE SEEK application

- Visit https://seeknsbe.smapply.io/prog/staff_applicants_-_23/ staff applicants and follow the steps of the application.

CISTAR: SHAPING A NEW ENERGY FUTURE

CISTAR's vision is to create transformative engineered systems to convert light hydrocarbons into lower carbon footprint chemicals and transportation fuels, by exploring decarbonization of manufacturing processes, modular design, and electrification based on renewable energy sources. CISTAR, is one of the flagship Engineering Research Centers (ERCs) funded by the National Science Foundation.
