

Calling all First-Year STEM Majors! Participate in our Study!

Participants will be entered in a drawing to win one of five \$25 Gift Cards!

The purpose of this study is to understand the experiences of undergraduate STEM students and their perceptions of institutional support and sense of belonging. You will be asked to complete two online Qualtrics surveys that will take approximately 15-20 minutes each. The survey includes questions about your perceptions of support from faculty, staff, advisors, and other personnel at UMBC, your sense of belonging in STEM, and some demographic information.

To participate in this study, you must be a first-year undergraduate student and identify as a STEM major

Contact Allison French at afrench2@umbc.edu for any questions!

Eligible students have been contacted by Allison French earlier this semester. If you have taken the survey through Allison's email, you don't have to take it again.

Scan the QR code or visit https://umbc.co1.qualtrics.com/jfe/form/SV_71KcF5L5EFKVF4y to participate!
