

GRAND CHALLENGE SCHOLARS PROGRAM

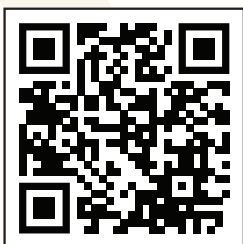

Engaging Students in Problems That Matter
MAKE THE CHANGES YOU WANT TO SEE

UMBC's Grand Challenge Scholars Program is designed for students from all majors who are interested in solving important societal problems. The program fosters a vibrant interdisciplinary community to help tackle the National Academy of Engineering's (NAE) Grand Challenges, and gives students experiences and skills to create solutions to some of the most pressing challenges of the 21st century.

"The Grand Challenges are a call to action and serve as a focal point for society's attention to opportunities and challenges affecting our quality of life."

-National Academy of Engineering

**DEADLINE FOR APPLICATION
MONDAY JUNE 22**
