Eminent Scholar Lecture

Built to heal: Transforming spaces to prevent violence and promote health

Framed in the historically driven make-up of U.S. neighborhoods, Dr. Theall will discuss results from a neighborhood-based research study conducted in New Orleans, LA that used experimental methods to examine how remediating vacant and abandoned properties can impact violence and health. She will also discuss insights from residents and community leaders.

Katherine Theall, PhD, MPH

Professor, Tulane University: Cecile Usdin Professorship in Women's Health

Co-Director, Mary Amelia Center for Women's Health Equity Research and
Senior Director, Violence Prevention Institute
Director of the Center of Excellence in Maternal and Child Health

Organized by the Department of Sociology, Anthropology, and Public Health

This event is open for full participation by all individuals regardless of race, color, religion, sex, national origin, or any other protected category under applicable federal law, state law, and the University's nondiscrimination policy.
