

UMBC's Bits & Bytes Program

For high school junior girls!

President's Day Weekend 2012: February 19 - 20

Apply for the University of Maryland, Baltimore County's (UMBC) Bits & Bytes program, open to all high school junior girls interested in finding out more about technology majors in college. This event is sponsored by the Center for Women in Technology (CWIT) at UMBC and *Northrop Grumman*. If selected, your participation in this two-day, overnight event will include a preview of UMBC and the CWIT Scholars Program, a tour of campus, fun interactions with college students and faculty in engineering and information technology, and an engineering or IT related hands-on design competition. You will even be able to stay overnight in a residence hall on campus and attend a college class with a CWIT Scholar!

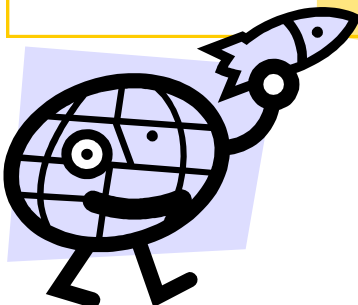

The event will take place on UMBC's campus on Sunday evening, February 19 — Monday, February 20 (President's Day). Please go to the following web site to fill out the online application: www.cwit.umbc.edu/hs/bitsbytes/ Online applications are due by **January 15, 2012**.

To find out more information, please contact Katie Glasser at 410-455-8076 or kglasser@umbc.edu, or visit www.cwit.umbc.edu

University of Maryland,
Baltimore County
1000 Hilltop Road
Baltimore, MD 21250
