

# UMBC

*Congratulations to our Graduating students in  
the Division of Information Technology  
Class of Spring 2024*

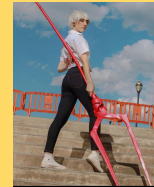

## *Brandon Price, B.S. in Computer Science*

- *I work for the DoIT Department of Telecommunications.*
- *I am from all over the USA because I come from a military family.*
- *What I like at UMBC is the diverse research opportunities for STEM majors.*
- *I will miss campus Chick-Fil -A that I always walk to after work, alongside all the professors and people I met while here.*
- *After I graduate I will work as a Network/Telecom Engineer.*
- *With my graduate degree I am hoping that in the future I will be working in a job related to Networks and Telecommunications.*
- *Fun fact about me is that I have a cat with one eye.*

# Brita Laveck, B.S. in Information Systems

- *I am from Rochester, New York but moved to Maryland 4 years ago. :)*
- *My position in DoIT is with Networks.*
- *I am graduating with a Bachelor in Information Systems.*
- *When I leave UMBC I will miss my Physnet friends who made this job as great as it was. I will also miss the Cosplay Coalition. Being their President was awesome.*
- *After graduation I will move to Chicago to work as a Network Support Engineer for Meraki, a company owned by Cisco.*
- *In 7 years I will ideally live in a cool city somewhere, traveling with my partner.*
- *Fun fact about me is that I am left handed and I love to make big prop weapons!*

## *Haonan Zhuang, B.S.in Information System & minor in Computer Science*

- *I am from Fujian, China and came to the USA in fourth grade.*
- *Within DoIT I am part of the Desktop Support Team.*
- *I love the diversity here at UMBC along with the communities that I am a part of.*
- *I will miss my co-workers and the college experience the most after I leave UMBC.*
- *After Graduation I will either be working at M&T Bank or NSA as a Software Engineer.*
- *In 7 years I will be a millionaire.*
- *Fun fact about me is that I like to collect Smiskis an have been investing in stocks since freshman year of college.*

# *Holland Davis, B.S in Information Systems, minor in Entrepreneurship*

- *I am from Columbia, Maryland, USA.*
- *On campus you will find me in DoIT Audio Visual Services.*
- *The two things I like the most about UMBC are the quiet nights and the small community.*
- *I will miss my AV-family :(*
- *After graduation I will be getting my Masters degree in Engineering Management here at UMBC, starting this fall.*
- *In 5- 7 years I see myself management projects! Where? No clue!*
- *Fun fact about me is that I played the violin for 10 years and I have a small business where I build custom mechanical keyboards.*

## *Justin Quedit, B.S in Computer Science*

- *I grew up in Baltimore, Maryland and my family is from the Philippines.*
- *I work in DoIT - Desktop Support.*
- *I like the supportive and kind nature of everyone at UMBC from professors to peers and co-workers here at DoIT.*
- *When I graduate I will definitely miss my co-workers and the friendships I've made at Desktop :(*
- *After graduation, I will start working full-time as a software engineer at Northrop Grumman.*
- *In 7 years, I hope to see myself doing something I love and still surrounded by amazing people.*
- *A fun fact about me is that I'm an Eagle Scout and led a service project to construct bird-feeding stations around a nature center.*

## *Khushi Patel, B.S. in Information Systems*

- *I am Indian American, born in Maryland, USA* 
- *I work in DoIT Desktop Support.*
- *When I leave UMBC I will miss my DoIT Desktop crew. I am grateful for all of them :)*
- *After graduation I will either be working at NSA or doing my masters and research in machine learning at University of Maryland School of Medicine.*
- *In 5-7 years I envision myself leading a dynamic team, as a director of a large organization.*
- *Fun fact about me is that my favorite sport to play is badminton and that I have cross-dominant tendencies, preferring one hand for certain activities and the opposite hand for others.*

## *Mouna Chimata, Masters in Information Systems*

- *I am from India.* 
- *Here at UMBC I work in the DoIT Security Department.*
- *What I like the most about UMBC is how vibrant of a campus it is and that it offers fantastic opportunities to connect, interact, learn and nurturing both personal and professional growth.*
- *When leaving, I will miss all the friendly faces in our department - they have been like a second family to me.*
- *After graduating I will start a position as a Software Engineer at NFCU.*
- *In 7 years I hope to be a great manager known for caring about people and being really good at helping others.*
- *Fun fact about me is I can create beautiful designs on the floor like Rangoli in India. I can make any picture, no matter how tough, with colorful patterns. It's like turning the ground into an art canvas.*

## *Nia Bryant, B.S in Computer Science*

- *I am from Ellicott City, Maryland.*
- *I work in DoIT Telecommunications.*
- *When I leave UMBC I will miss the CWiT community, my boss and my co-workers the most.*
- *After graduation, I will be working at Quevera or in the NSA Development Program.*
- *In 5-7 years I'd like to have a job at NSA following my dad's footsteps.*
- *A fun fact about me is that I have been on the roofs of all the academic buildings and the Event Center!*

## Saketh Ram Vangeepuram, Masters in Computer Science

- *I hail from the spicy streets of Hyderabad, India, where every conversation is as flavorful as our biryani.*
- *At UMBC I study for my Masters in Computer Science and I work in DoIT Security.*
- *I will miss my friends at UMBC and everyone in the DoIT Security team.*
- *After I graduate I will be working as a Software Engineer.*
- *In seven years I see myself as a seasoned software guru, accidentally fixing bugs by just staring at the code.* 🤔
- *Although I am a software engineer, I can probably give you a tough match in table tennis or cricket on any given weekend!*

## *Sandra Nyivih, B.S in Computer Science*

- *Born and raised in Baltimore in a Togolese family, Togo being a country in West Africa.*
- *I work in DoIT Networks.*
- *I like that UMBC is a safe and uplifting space for marginalized communities.*
- *When I leave UMBC I will miss Physnet students and staff the most.*
- *After graduation I will be working as a network technician and cybersecurity analyst for the DoD.*
- *In seven years I'd like to own my own bakery/bookstore/stationery shop with my best friend.*
- *Fun fact about me is my hands are fully double jointed.*

## *Ryan Immergluck, B.A in Business Technology Administration*

- *I am from Crystal lake, Illinois.*
- *I work in the Technology Support Center as a Sr. Student Consultant.*
- *What I like the most about UMBC is the connections between the students and the professors. I was able to get to know my field better and my professors as individuals.*
- *After I graduate I will miss meeting new people every semester.*
- *After graduating, I will likely move to Raleigh, N.C. or to D.C for work.*
- *Fun fact about me is that I am getting married in 2025.*

## Venzah Hamilton, B.S. in Computer Science

- *I am from the Philippines,*
- *I am a Student worker in Physnet.*
- *What I like the most about campus is to be able to walk around campus in the mornings.*
- *When I graduate I will miss all the friends I made at UMBC.*
- *After leaving UMBC, I will be working for AWS in Seattle.*
- *In 5-7 years I see myself either continuing working with cloud computing or moving to software engineering.*
- *Fun fact about me is that really enjoy sewing and I'd like to improve so I can make my cosplays.*

## *Yumi Yee, B.S. information Systems w/User Experience, Web & Mobile Development Certificate*

- *I am from Mt. Airy Maryland but I grew up in China :)*
- *Here at UMBC I work in DoIT Networks.*
- *What I like about UMBC is the communities we have here! There are a lot of people of different cultures and I am able to bond with others of my own culture and get to learn more about others.*
- *I am going to miss my friends and staff from Networks and everyone still here after I graduate.*
- *I am currently looking for a full time job that is UX/UI or Data Science related.*
- *In 5-7 years I hope to be traveling to enjoy and experience different cultures in person.*
- *A fun fact about me is that I enjoy learning K-pop dances! I was able to perform with UMBC KDC this past November.*

## Zachary Ervin, B.S in Computer Science

- *I am from Baltimore, Maryland.*
- *On campus I work for DoIT Networks.*
- *I am getting a Bachelor in C.S and will be back next semester for my Masters in Cyber Security.*
- *What I like the most is the community at UMBC.*
- *When I graduate I will miss my friends who are graduating this semester.*
- *After I finish my Masters I will be working for the Department of Defence.*
- *In 5 - 7 years I see myself still working for DoD in Aberdeen, MD.*
- *A fun fact about me is that I am good at 8-ball!*
