IDEA & INNOVATION CHALLENGE

SUBMISSION DEADLINE:

Wednesday, October 4, 1pm

FINAL EVENT:

Thursday, November 9, 7-9pm
in the UMBC Library Gallery

Win cash prizes up to \$800!

Do you have an idea that solves a problem in society or the environment? Is there a product or service idea you have that is better than the current solution? Do you love to find innovative solutions for all types of problems?

The Idea and Innovation Challenge is your chance to explore your solution and win money in the process. Students can enter ideas in the Technology & Innovation track, the Social Impact track, or the new Spark track.

Don't have your own idea? The Spark Track will provide the problem - you provide the solution. This year's problem is how to better make use of food waste in Baltimore and beyond. See the website for more details. Submit your entry today!

This event is sponsored by a generous donation from Scott Weber '85 and Nancy Burger.
