Favorite thing about riding:

It's an amazing feeling to be able to connect with the horse.

Why you are excited to be on the team?

To spend more time around horses and to have fun with awesome people who also love horses.

Anything interesting you want to share?

I was first introduced to a horse at 8 months old before I could walk, my grandmother placed me on the horse while holding me. I've been around horses before I could even remember!
