Session Information:

Join the SECU team to learn the basics of personal finance, how to manage your money, and a breakdown of your credit score and how you can build your credit responsibly. We will share tips and tricks to budget, save and have money!

During this interactive session, you will leave with a better understanding of what a credit union is and how it differs from a commercial bank, a better understanding of how to safely build credit, how to check your score, while also learning the best ways to budget and save (even if you have no money!). Don't miss out, we will have trivia, prizes, and games!
