

“The sessions were not just about theoretical knowledge; they provided practical tools and strategies that I could integrate into my daily routine.”

Take Charge of Your Graduate Journey!

Boost your skills, build your network, and accelerate your success.

The Leadership Alliance Virtual Professional Development Boot Camp for Graduate Students is a three-day virtual program hosted in early January that supports the development of professional skills and prepares students for success in graduate school and beyond. The program includes interactive sessions led by experts, panel discussions, networking opportunities, and reflective group discussions.

Eligibility

This free program is open to current postbaccalaureate and graduate students from any discipline. Students must apply through The Leadership Alliance website at: theleadershipalliance.org/virtual-professional-development.

Registration opens in early December. The program takes place in early January. Space is limited to 50 participants.

Digital Badge Credentials

Participants who complete the program requirements will earn a Leadership Alliance Credly Digital Badge. Participants will be given access to future Leadership Alliance programs and professional development resources including The Leadership Alliance Connect online networking platform.

Skill Development

The program delivers skill-enhancement training and proven best practices across the following areas (subject to change):

- Time Management
- Career Exploration
- Individual Development Plans
- Work-Life Balance
- Managing Stress & Anxiety
- Imposter Phenomenon
- Effective Communication
- Personal Branding
- Networking
- Financial Literacy

We are a national consortium of major U.S. higher education institutions, and private industry united by a shared mission — to develop underrepresented students into outstanding leaders and role models in academia, the public, and the private sector.
