

**Calling College Students in Maryland Who Are
Cancer Survivors!
Ages 18-35**

Are you a college student in Maryland who has experienced cancer?
We're conducting a research study to understand the unique challenges
young adult survivors face while in college.

What's Involved?

A 15-20 minute online survey

And

An optional 30-45 minute focus group or interview

Why Participate?

Help improve on-campus support and survivorship resources
Make college life better for future survivors
