

# The Clothesline Project & Relationship Violence Awareness Resource Fair

*Students, Faculty, and Staff have made t-shirts describing their experience with relationship violence & sexual assault. On October 24th, these t-shirts will be hung shoulder-to-shoulder on a clothesline for public viewing, as if the survivors are there themselves, telling us their stories.*

*A Reflection and Reading of the Names will be held in the Women's Center at 4pm*

The Clothesline Project gives voice to the experiences of survivors, victims, family, and friends who have been affected by violence. All are encouraged to attend and participate.
