THE OFFICE OF HUMAN RELATIONS PRESENTS:

Relationship Violence **AWARENESS MONTH**

Ever wondered what you should do if a person you like is just not that into you?
Ever been concerned about a friend whose significant other won't stop calling?
How about where to go for help if you've been assaulted? Students have the opportunity to anonymously submit questions that will be presented to a panel on the topics related to fostering and maintaining healthy social and sexual relationships. Whether or not it's a fling or a serious relationship, let's talk about it. If you have questions, Just Ask!
