

Explore Primary Sources for Teaching & Research

An interactive faculty workshop at UMBC

Tuesday, October 20 | 1:00 PM

Attend in person or Online | Lunch provided

Discover what's available through UMBC

Explore interdisciplinary primary source content available through AM Explorer and see practical ways to bring these materials into teaching and research.

WHAT WE'LL COVER

EXPLORE	Discover the breadth of primary source content available through AM Explorer, with examples relevant to faculty teaching and research.
SEARCH	See how to search, browse, and work with primary sources across collections.
TEACH	Explore ways primary sources can support courses, assignments, and student research.
DIGITAL TOOLKIT	See instructional videos, case studies, and resources designed to help faculty and students get more from the collections.
ASK	Bring your questions, research interests, or courses you'd like to explore.
