# Your Subscription Package

## Subscribe to the core Adam Matthew Digital portfolio

Benefit from an annual subscription to the core AM Digital portfolio through AM Explorer. This gateway to millions of pages of primary sources, provides content spanning the 15th to 21st centuries, with new collections added every year.

Harness AM Explorer to transform the learning experience of your students and researchers:

- Explore interdisciplinary connections across the Humanities and Social Sciences, with built-in federated search functionality across all the collections and source material
- Browse award-winning collections developed in collaboration with leading libraries and archives from around the world
- Leverage the latest technology including Handwritten Text Recognition and data visualization to deepen your research
- Discover the benefits of our new annual pricing structure, enabling libraries of all sizes to access the entire portfolio

### Your Product features and functionality

- Advanced search technology
- Contextualisation tools
- Data mining
- Digital preservation through Portico
- Free access to MARC records
- Free alumni access
- Unlimited concurrent users

### Your Complimentary support services

- Access to usage statistics at chosen frequency
- Free access to digital toolkit
- Free access to support tools library – including case studies and instructional videos
- Library and faculty support available

## Evidence-Based Acquisition now available:

Access millions of pages of primary sources with our AM Explorer subscription, whilst investing in your library's permanent holdings through our newly built in EBA credit.

Your credit is equivalent to 50% of your subscription price that can be used towards your EBA purchase. (Credit must be used during annual subscription term and cannot be compounded for multi-year deals).

Contact your representative today for the discounted EBA price sheet
