ENHANCE YOUR
ALL OF US RESEARCH
WITH R

Boost your quantitative analysis skills in the
free statistical software package "R" workshop series

5 online sessions

11:00 - 12:30 pm

Asynchronous pre-work videos ahead of each of the sessions

YOU WILL LEARN:

- The basics of R
- Data wrangling techniques
- How to summarize and visualize data in the *All of Us* workbench

Learn more and attend through the Library's myUMBC page

BASICS OF R
Downloading & installing R and R Studio, Google Colab, and loading datasets
[This is an asynchronous video. All other sessions are online with instructor]
