Subject: CBM CARES® Baltimore Mentor Orientation/Training

Dear Mr. Ford,

Are we making it happen for boys of color in America? It's one of the pressing questions of our generation. The CBM CARES® National Mentoring Initiative is helping to answer that question. The program focuses on middle school boys of color and combines an effective structure of "real-time" school-based group mentoring with one-to-one mentoring. CBM CARES® is an initiative of Concerned Black Men National (CBM), a nationwide non-profit organization based in Washington, D.C. with offices throughout the country. The program's key components are to:

- Match middle school with one to one mentors;
- Conduct group-mentoring, life skills sessions at Middle School sites;
- Hold monthly activities for mentors and mentees;

On Wednesday, August 19th at 6:00 PM, CBM CARES® Baltimore will host a Mentor Orientation/Training. CBM CARES® training and orientation is an opportunity to become educated about the issues that face young men of color, have meaningful discussions about black male achievement and unearth your hidden power as a male mentor to become change-maker.

Be a part of the solution. Make it happen.
