Humans vs Zombies Spring Invitational

UMBC's Humans vs Zombies Club has their invitational date locked in for April 15th, 2023! Registration is open and can be found [here](#)!

While we are hosting only the invitational, there are other events happening on the same weekend including a PvP blaster battle on Sunday April 16th! Of course, you don't have to attend all events in order to participate! Even though the club is only hosting the invitational, club members and foam flinging will be present at the other events as well so feel free to show up to any one of them individually and have some fun with us!

For more information about the weekend, schedule of events, and rules, you can head over to the myUMBC page [here](#).

Environmental Task Force Cleans up campus!

ETF has picked up over 1700 lbs over the course of the year! We couldn't have done this without our members, or without our awesome friends at Facilities Management. We're currently focusing more on invasive species cleanups, so this number likely won't go up too much, but it's still staggering to think about how much trash there is on this campus and how much we've been able to pick up. It's a big accomplishment, but it's unfortunate that there's this much trash to begin with!

E.I. & LeadHERship

The Leadershops series consists of 1 hour workshops that focus on various student centered leadership-related topics facilitated by Campus Life staff and Leadership Peer Facilitators. This program aims to contribute to the leadership development and ongoing learning of UMBC undergraduate students. "E.I. & LeadHERship" focuses on exploring leadership using the power of emotional intelligence and womanhood. Join us on April 17th, from 12-1pm for this session. More information can be found [here](#) on our myUMBC page

E.I. & LEADHERSHIP

THE RELATIONSHIP BETWEEN WOMEN AND LEADERSHIP THROUGH AN EMOTIONAL LENS

Digital Entertainment Conference

Digital Entertainment Conference (DEC) 2023 will be held on April 29th from 11am - 5pm. DEC brings professional game developers from the area to UMBC to talk about their experience in the game industry. It is an in-person event, and will be live streaming on YouTube as well. It is open to UMBC students, high school students, UMBC alumni and anyone interested in game development.
