

**Sana Behdin (President):** Hello! My name is Sana Behdin, and I am so excited to serve the Pre-Pharmacy Society as President for another year. I am a current sophomore majoring in Biology with a minor in Psychology. I have been actively involved in the Pre-Pharmacy Society since my freshman year and I have absolutely loved deepening my understanding of the Pharmacy field, creating strong bonds of friendship, and networking with current Pharmacists. My hope is that the Pre-Pharmacy Society will do the same for you. See you this Fall!

**Victoria Lee (Vice-President):** Hi, my name is Victoria Lee and I am a Biological Sciences major. I am a senior for the 2020-2021 year and will be serving as the Vice President of UMBC's Pre-Pharmacy society. My goal for this school year to expand the society and create more campus involvement. Another goal I have is to create more involvement with other pre-health societies on campus. I'm looking forward to serving in the Pre-Pharmacy society next school year and I'm excited to meet everyone!

**Shree Kambhampati (Treasurer):** Hi everyone!! My name is Shree Kambhampati, I'm currently a sophomore, Biology B.S major with a Psychology Minor. As Treasurer I hope to allocate funds properly based on the budget and come up with innovative ideas for fundraising.

**Elizabeth Aguas (Secretary and Events Coordinator):** Hi, my name is Elizabeth, class of 2022 and I'm a Biology major with a Chem and Psych minor! Last semester I was the Public Relations and Events Coordinator. This upcoming semester I am pleased to say I will be the new secretary and will still be the events coordinator with the new PR, Linda Vu. As secretary I hope to make communications between the e-board and members accessible and updated to keep tabs on activities and upcoming GBMs. For events I want more people to be aware of the club and to get them engaged with people from the profession or something related to the healthcare industry. I'm so excited to serve in our e-board once again!

**Linda Vu (Public Relations and Events Coordinator):** Hi, my name is Linda! I'm excited to be your executive for Public Relations and your Special Events Coordinator! I look forward to passing on the valuable knowledge I acquired from this inspiring organization to current and future members. Together, I aspire to create a strong and lasting network where members can help one another on the pathway to Pharmacy School!
