Journal of Statistical Physics

Special Issue: Thermodynamic Computing with Information Engines

Call for papers

Co-Guest Editors:
Korana Burke,
Univ. of California, Davis
James P Crutchfield,
Univ. of California, Davis
Sebastian Deffner,
Univ. of Maryland, Baltimore County

A special issue on the timely topic of computing in physical systems and its thermodynamic costs and implementations as information engines.
The special issue will serve as an important rallying point for future research on thermodynamic computing.

Submission Deadline: 30 April 2021.
