

# THE HAVEN AT UMBC

UMBC is committed to creating a safe, caring, and inclusive culture for recovery and sobriety. We believe that every college student struggling with substance use issues should have the opportunity to achieve a strong recovery while engaged in a satisfying college experience.

The Haven at UMBC was created through a partnership between UMBC's Division of Student Affairs and The Haven at College, the leading national provider of treatment services and recovery support that meets college students with substance use and co-occurring disorders where they are.

Our personalized, evidence-based treatment programs allow students to maintain an active academic and social life, while addressing mental health and substance use challenges.

## **OPENING AUGUST 2019** **The Haven Recovery Residence** **Catonsville**

A peer-driven, clinically supervised sober living community where recovering students help each other navigate midterms and life's terms.

Conveniently located along the UMBC shuttle route, offering live-in peer support and personal and group accountability.

Focused on keeping it real, keeping each other safe, and getting the most from our college experience.

## **OPENING OCTOBER 2019** **The Haven Outpatient Center** **35 Mellor Avenue, Catonsville**

A safe place to take an honest look at your alcohol and drug use, free of judgment.

Convenient location in downtown Catonsville along the UMBC shuttle route, with outpatient treatment programs offered on weekdays, evenings, and weekends.

Student center and gathering place (on a "drop-in" basis) providing student-led events and recovery meetings welcoming ALL young adults, students, families, and friends.

**UMBC**

**DIVISION OF STUDENT AFFAIRS**

The Haven is an active member of the Hazelden Betty Ford Patient Care Network, a clinical collaboration of quality health care organizations that share a philosophy about the best evidence-based treatment for substance abuse, as well as a commitment to improving patient outcomes.
