Honoring Our Asian Diasporic Community

We recognize the difficulty of choosing just one identifier or term to capture the vast diversity of all people with heritage in the Asian continent, representing 49 countries and hundreds of cultures.

We seek to honor the breadth of experience of people across Asia - East, South, Southwest, West, and Central Asia.

These events are open for full participation by all individuals regardless of race, color, religion, sex, national origin, or any other protected category under applicable federal law, state law, and the University's nondiscrimination policy.
