UMBC CyberDawgs

We are a group of UMBC students who share a common interest in cybersecurity and good security practices in all aspects of computing.

Weekly Meetings Begin on Monday, September 11th

General Club Meetings: **Every Monday, 7:10 PM to 9:00 PM in ENG 231**
Or on Webex: https://umbc.webex.com/meet/CyberDawgs
We encourage anyone wanting to learn more about cyber security and how to start learning new skills in the field to attend our meetings. If you're new to cyber or computing security, no worries, you can still come. Security is nowhere near as hard as people say, so don't be scared away :)

Fall Meeting Topics

Bug Bounties, ATT&CK Framework, Binary Exploitation, Malware Analysis, Symbolic Execution, Vulnerability Research, Cybersecurity Criminal Prosecution, CyberPhysical & Social Engineering, Linux Security, Basic Powershell

Also... SPOOKY MOVIE NIGHT and END OF SEMESTER CELEBRATION (free pizza)

Stay in the Loop!

CyberDawgs Raffle

Oh, what's this, a prize raffle?

Yes, you heard that right! The club will hold a raffle for cool tech stuff at our End of Semester Celebration.

So, how does one get a shot at these cool tech prizes? Well, you have to get a token for your initial entry. And your attendance at this event gets you one! You'll have the chance to get more tokens throughout the semester by participating in our other events and competing in our CyberPaws CTF.
(More Information on our Discord/myUMBC.)
