Northrop Grumman Foundation

A Commitment to Education

Providing unique education experiences related to science, technology, engineering and mathematics (STEM) for students and teachers is the Northrop Grumman Foundation's top priority.

The Foundation supports diverse and sustainable **national-level** programs that enhance the education experience

for students and provide teachers with the training and tools they need to be successful in the classroom.

The Northrop Grumman Foundation/UNCF Scholars need-based scholarship program is restricted (see details above) to certain STEM majors with a minimum GPA of 3.0 and must be a U.S. citizen. An essay is required and is detailed in the application. Also, two letters of recommendation should be up-loaded to the on-line application.

Special consideration: relevant internship/co-op and leadership experience, a plus

security clearance, desirable and

prefer recipients are not receiving scholarship support from another company.
