Clothesline Project, Vigil, & Relationship Violence Awareness Resource Fair

Students, Faculty, & Staff have made t-shirts describing their experience with relationship violence. On October 24th, t-shirts will be hung shoulder-to-shoulder on a clothesline for public viewing, as if the survivors are there themselves, telling us their stories.

At 12noon, we'll come together as a community to honor those stories through a vigil. On and off-campus resources will be available through the noon hour.
