

Returning Women Students Scholarship Common Application Instructions

The goal of the Returning Women Students Scholarship is to support undergraduate students age 25 and older in the completion of their first bachelor's degree. In addition to financial support offered through four different scholarships, the Returning Women Students Scholarships Program provides a scholars community and various other support services and resources for scholarship recipients.

Before completing the 2018-2019 academic year scholarship application, review the scholarship criteria that are common for all four scholarships. Please note the specific criteria required for each individual scholarship and include the additional information as necessary in your application. The boxes below are intended to serve as a checklist for you prior to submitting your application packet. Keep this information page for your records.

We highly encourage applicants to attend an information session before submitting their application.
