NAVIGATING THE CAREER FAIR

Do your research. Learn who is participating in the career fair and create a list of organizations that interest you. Then research their products/services and employment needs.

Be prepared. You should have several copies of your resume handy and have easy access to them. Having an attractive pen and portfolio isn’t a bad idea either.

Dress to impress. Show employers you are serious; dress professionally.

Use your 30-second commercial. Take initiative and start the conversations with employers you want to learn more about. See the section below on how to craft your 30-second commercial.

Network. Don't limit your interactions to just recruiters. Talk to fellow job-seekers at the event about different employers, possible job openings and more.

Follow-up. Make sure to follow-up with anyone you talked to at the fair through email within 24 hours. Asking for business cards makes this a lot easier. After the fair, you should also consider connecting with recruiters through LinkedIn.

CRAFTING YOUR 30-SECOND COMMERCIAL

When meeting new individuals in a professional setting, like networking events and career fairs, it is important to make a strong first impression. Through your 30-second commercial you will be able to quickly and effectively market yourself to others.

YOUR 30-SECOND COMMERCIAL SHOULD:

- Identify who you are
- Highlight a few strengths and accomplishments
- Show how you can bring added value to an organization
- Be concise

As you can see in the sample below, the student highlights his name, major/industry, strengths, and specific interest in the company. Remember, the 30-second commercial can also be useful when writing resumes/cover letters, writing emails to employers, or when leaving voicemails. Also, don’t forget to PRACTICE. Practicing will help you deliver your 30-second commercial seamlessly with confidence. However, you don’t want to sound like a robot!

Hello, my name is Barry Business and I am a UMBC student studying Financial Economics with an accounting certificate. I am in my junior year and I am very interested in an accounting internship with your firm. Currently, I am serving as the treasurer for the UMBC accounting club where I have been effective in managing our budget for events, activities and out-reach programs. I believe my enthusiasm for helping others increase their financial literacy mirrors your firm’s dedication to helping others navigate their tough financial situations.

What is Big Interview?

Big Interview is an online interview training system that features a new and innovative way to help you prepare more effectively for a job interview. Training and practice are combined to help improve your interview technique and build your confidence.

You can video record your responses to pre-recorded interview questions, review and rate your responses, share them with others (professors, family members, friends, mentors) or forward them to interviews@umbc.edu for review by a Career Center representative.
