

Now that we're deep into this semester, start thinking about your membership and activity in the club. DCON, elections, and special events and coming faster than you think. Keep an eye out for more service events as the weather gets colder!

As always, if you have any event ideas, please bring them up to one of the officers!

A huge thank you goes to everyone who picked up a box or two and went out on the hunt for some change. We raised \$90 thanks to all of your contributions.

# Honors and Awards

Congratulations to Arshad on being our Social Committee Chair and bringing you our Halloween Social!

We completed 78 hours of service this October and none of that would have been possible without all of your hard work and dedication. Let's finish out the semester strong!
