NAVIGATING THE CAREER FAIR

Do your research. Learn who is participating in the career fair and create a list of organizations that interest you. Then research their products/services and employment needs.

Be prepared. You should have several copies of your resume handy and have easy access to them. Having an attractive pen and portfolio isn’t a bad idea either.

Dress to impress. Show employers you are serious; dress professionally.

Use your 30-second commercial. Take initiative and start the conversations with employers you want to learn more about. See the section below on how to craft your 30-second commercial.

Network. Don’t limit your interactions to just recruiters. Talk to fellow job-seekers at the event about different employers, possible job openings and more.

Follow-up. Make sure to follow-up with anyone you talked to at the fair through email within 24 hours. Asking for business cards makes this a lot easier. After the fair, you should also consider connecting with recruiters through LinkedIn.

CRAFTING YOUR 30-SECOND COMMERCIAL

When meeting new individuals in a professional setting, like networking events and career fairs, it is important to make a strong first impression. Through your 30-second commercial you will be able to quickly and effectively market yourself to others.

YOUR 30-SECOND COMMERCIAL SHOULD:

- Identify who you are
- Highlight a few strengths and accomplishments
- Show how you can bring added value to an organization
- Be concise

As you can see in the sample below, the student highlights his name, major/industry, strengths, and specific interest in the company. Remember, the 30-second commercial can also be useful when writing resumes/cover letters, writing emails to employers, or when leaving voicemails. Also, don’t forget to PRACTICE. Practicing will help you deliver your 30-second commercial seamlessly with confidence. However, you don’t want to sound like a robot!

Hello, my name is Barry Business and I am a UMBC student studying Financial Economics with an accounting certificate. I am in my junior year and I am very interested in an accounting internship with your firm. Currently, I am serving as the treasurer for the UMBC accounting club where I have been effective in managing our budget for events, activities and out-reach programs. I believe my enthusiasm for helping others increase their financial literacy mirrors your firm’s dedication to helping others navigate their tough financial situations.
