Jack York, President/Co-Founder, It's Never 2 Late

It's Never 2 Late® (IN2L), founded in 1999, is dedicated to **helping older adults realize the full benefits of today's technology**. IN2L integrates the hardware, software, media, and various components necessary to allow virtually any person with any interest in using a computer — regardless of background, physical or intellectual abilities — to do so pleurably, engagingly, and without frustration. The system is built on a picture-based, touch-screen interface that allows users to simply “touch” their way to find engaging, educational, spiritual, and personalized content that is appropriate to their own level of ability.

Michael Faeder, MA, '15, Graduate of UMBC's Erickson School and Account Manager at IN2L
